## **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: All the claims are allowable over the prior art of record because prior art fail to teach or fairly suggest a method for determining communication rate including the steps of identifying a set of possible communication rates based on an amount of transmit power available for communications and/or based on a number of available communication channels; and then identifying a communication rate based on a received signal quality.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
